

Wireless Remote Control - 4 Way

Wireless Remote Control - WRC-04

Specifications :

4 Button Remote Control
4 Potential Free Relay
Outputs
Wireless Signal Status
Piezo Audio Feedback

Range : about 100mtrs in
open air

Output Contacts

Rating : 250VAC/5A

Supply Voltage : 12VDC or
230VAC

Power Consumption :

Less than 0.5W

Temp. : -20C° to 55C°

Humidity : 0% to 95%

Size : 111X 90X40mm

Weight: 100gms approx

WRC-04

4 Way Wireless Remote Control can be used with any electrical device which needs to be switched ON or OFF.

Many establishments (homes, offices, banks etc) need wireless remote control of equipment. Our Wireless Remote Control allows to connect up to four electrical appliances like lights, Fans etc. Output is in the form of four potential free contacts corresponding to each button on the remote control.

Registration of remotes can be carried out quickly by simply pressing the program switch and pressing any one of the remote control button. Upto four remotes could be registered with one unit.

WRC-04 works on +12VDC or 230VAC depending upon the model chosen.

Remote works on 12V alkaline battery. Battery will last for about one year in normal working conditions.

It can be also used for Home Automation, for putting four electrical devices like lights, fans, ON or OFF with the help of four button remote.
